RESPONSE TO NOTICE REGARDING POWER OF ATTORNEY

Dear Sir,

Siemens received a Notice Regarding Power of Attorney dated 1/11/08 (Notice) which indicated that the Power of Attorney for this case was not accepted. The Notice also included a copy of a Power of Attorney dated December 19, 2007. We believe that the Power of Attorney referenced by the USPTO is for a different patent application than that referenced on the Notice and thus there is an error on the part of the USPTO.

Upon review of the Power of Attorney, it can be seen that the serial number listed thereon is 10/759,660. This is a different serial number from that of the instant application, which is 10/759,560. Therefore, it appears that the USPTO has inadvertently associated the Power of Attorney for application s/n 10/759,660 with application s/n 10/759,560. We request that the USPTO correct this error.

The Power of Attorney for the instant patent application remains with the practitioners associated with Customer Number 028524 as submitted on the Power of Attorney dated December 22, 2005.

If there are any questions, please do not hesitate to contact the applicant's attorney at (732) 321-3193. While it is believed that no additional fees are due, the undersigned authorizes the charging of any fee deficiency that is due to Deposit Account No. 19-2179.

Respectfully submitted,

Dated: January 31, 2008
